MISSING MAN IS HOME AGAIN AND NOT A BRIDEGROOM; SAYS IT'S A JOKE

Alamedan Does Not Carry Out Threat to End His Life, Nor Does He Marry.

ALAMEDA, Aug. 27.—Fred Wilson has not carried out his threat to kill himself because his love was rejected by Miss Bessie James, and this morning, returned to Alameda, after an absence of ten days, during which time his anxious friends have believed that he had ended his life.

Wilson is a healthy looking man for one disappointed and one supposed to have ended his life in the waters of the estuary, and the fact that he had disappeared, he states, does not show that he had intended ending his life.

He only smiled when mention was made of the note he sent Miss James, telling her that because she would not

WOMAN FIGHTS WITH BURGLAR GRAPPLES WITH THIEF

One of the Bold Room Robbers Operating in Oakland Placed in Jail Through Efforts of Mrs. M. Hartman.

Through the efforts of a brave woman, a sneak thief who is believed to be the one who has been robbing the hotels and rooming houses of this city, has been safely landed behind prison bars and the police state that evidence is being secured which will open the gates of the penitentiary to receive the prisoner.

The woman who assisted in capturing the thief is Mrs. M. Hartman, the landlady of the Albion House at 410 Seventh street. The prisoner is Elias Anderson, whose name has been placed on the small book, awaiting an investigation into his record.

Early Sunday morning, Mrs. Hartman was awakened by the sound of footsteps in the hallway. She hurriedly dressed and boldly left her room to investigate. She found two men coming down the hallway of the house, laden with plunder which they had secured from several of the lodgers.

"What are you doing here?" demanded Mrs. Hartman. No answer was given and the men attempted to escape, but were blocked by Mrs. Hartman, who struggled with them. The thieves attempted to throw Mrs. Hartman to the floor and make their escape down the stairway, but the woman's strength seemed to double as

IMPORTANT ANNOUNCEMENT.

MIHRAN & CO. of 1233 California street, San Francisco, are pleased to announce the arrival of the second consignment of Oriental rugs, which will soon be taken out of the custom house and offered at auction.

This consignment coming from the Imperial Persian Trading Company of Teheran, the largest rug concern in the Orient, will be of great interest to rug lovers, both in magnitude and quality, as coming direct from Persia. It contains real antique, but being suitable for the chemical process at New York. The time of this great sale will be announced in this space at an early date.

BRAWL IN THIS MAN SALOON: 1 MAN SHOT

Water-Front Resort Is Scene of Affair.

While about forty Slavonians were taking their farewell drink in a saloon at 342 Broadway this morning shortly before 8 o'clock, prior to being shipped to Sonora to work, four of the number got into a brawl, pistols were drawn and one shot was fired, the bullet crashing through a wall and carrying away the thumb of Mike Curich, who was in an adjoining room.

Policeman Mulgrew heard the shot and rushed into the saloon. The Slavonians were excited and in an uproar, but when questioned none could tell the trouble was or who fired the shot. It was ascertained, however, that four of the men had quarreled and had drawn pistols, one of whom fired, the bullet going astray and hitting Curich.

Curich was taken to the receiving hospital by Policemen Mulgrew and his injuries were attended to by Dr. W. H. Irwin.

The man stated that he knew nothing of the trouble, as he was in an adjoining room at the time the shot was fired. Curich was taken to the police station by Mulgrew, but he refused to swear to a warrant for the arrest of the man who shot him.

Mulgrew made a search of the premises and found four pistols in the rear yard. It is supposed that the weapons were the ones which were drawn by the men. The revolvers are now in the possession of the police. There were two 38-calibre Colts, a Bulldog and a 32-calibre Smith and Wesson.

Mike Curich was taken to the receiving hospital by Policemen Mulgrew and his injuries were attended to by Dr. W. H. Irwin.

AGNES MYERS GETS RESPITE

Woman and Accomplice Are Given Time in Which to Perfect Their Appeal.

KANSAS CITY, Aug. 27.—Governor Folk, at Jefferson City, today granted a respite until October 26 to Mrs. Agnes Myers, now in jail at Liberty, awaiting execution for the murder of her husband. A similar respite was granted in the case of Frank Hotman, Mrs. Myers' accomplice, now in jail at Kansas City. Both were previously sentenced to be hanged on September 3.

Governor Folk granted the respite so that the woman's attorneys might have time in which to perfect their appeal to the Supreme Court of the United States.

No effort was made on behalf of Hotman, the latter being content in the belief that he would share whatever clemency that was shown the woman.

R. B. Buff and Judge W. E. Fowler, counsel for Mrs. Myers, applied to Judge Burgess, of the supreme court this morning for a writ of error to take the case to the United States supreme court for review and final determination. Judge Burgess stated because of the absence from the city of Judge Grant, that it would not be possible to act on the application to Governor Folk for a respite that they might appeal to the federal court for an order to transfer the case there for review. The Governor, in the course of the morning had received dozens of telegrams, from various parts of the State asking him to grant a respite, and when the matter was formally presented to him by the attorneys, he readily assented, giving Hotman similar consideration.

Mrs. Agnes Myers and Frank Hotman

ATTEMPT REPORTED ON BARON'S LIFE.

ST. PETERSBURG, Aug. 27.—An unsuccessful attempt upon the life of Baron Stahl is reported to have been made in the park at Peterhoff last night, but the story is denied.

A number of arrests have, however, been made in the park during the evening. Baron Stahl bears some resemblance to General Treppoff, commander of the palace. A number of officers who might be mistaken for M. Treppoff have taken the precaution to have their beards shaved off.

FROSTY IN IOWA.

DES MOINES, Iowa, Aug. 27.—Frost was reported in Iowa lowlands today for the first time this season. The mercury dropped as low as forty at Cedar Rapids and Creston, the coldest August day for fifteen years.

WATCHMAN ACCUSED OF BOLD CRIME

Said to Have Shot and Tried to Rob Man.

SAN FRANCISCO, Aug. 27.—Howard Powelson, a night watchman, was shot through the mouth at an early hour this morning by Max Mehler of 130 Norris street and now lies at the Central Emergency Hospital in a critical condition. Mehler gave himself up to the police after the shooting, stating that the night watchman had attempted to hold him up. He was booked at the O'Farrell-street station, but was released this morning on order of Acting Captain of Detectives Harper, who also ordered the wounded watchman into custody on a charge of assault with intent to commit robbery.

According to the watchman he was inside a building owned by H. Levy on Sixth street when three burglars entered the place. The struggle which ensued, says Powelson, resulted in his being shot through the mouth. After being shot he staggered along the street when he fell unconscious. He was discovered by Policeman C. J. Ward and conveyed to the Emergency Hospital. He revived and consciousness and related the story about the alleged encounter with the burglars.

Mehler, who did the shooting, has been foreman for the Sperry Flour Company for ten years. He says he was returning home when a man rushed out of a building and shouted "Hands up." Instead of complying with the order Mehler drew his gun and shot the man, leaving the command through the mouth. Mehler says he then ran, but afterwards decided to inform the police. He encountered Sergeant McGovern and told him of the occurrence. He was taken into custody and held until this morning, when he was released.

The watchman first told the police officers that he was shot inside of the building. Investigation revealed the fact that he was shot thirty feet from the building and that he had broken through a window instead of coming through the door. Powelson is supposed to have been under the influence of liquor and committed a mistake which may yet cost him his life.

HELD TO ANSWER.

Helmer Schofield, accused by Mrs. W. G. Barrett, of 873 Madison street, of grand larceny in the theft of a wheel was held over to the Superior Court this morning by Police Judge Samuels. Mrs. Barrett testified as to missing the wheel and then finding it in Schofield's possession.

DISTASTOUS FLOODS.

CHICAGO, Aug. 27.—A special from Matatlan, Mexico, says: Several hundred people have been rendered homeless by the disastrous floods which have swept over this region for the past few days.

THIEF LIKED WARDROBE.

Bernard Benson has reported to the police that his room at 1557 Broadway was entered sometime yesterday and the thief or thieves ransacked his wardrobe and picked out wearing material value at \$35. The door of his room was forced open and the clothing stolen.

man murdered Clarence Myers, the woman's husband, on May 11, 1904, that they might marry.

DIRECTORS DISCUSSING QUESTIONS

Both Sides Firm and No Settlement Is Yet in Sight.

SAN FRANCISCO, Aug. 27.—The second day of the strike of the employees of the United Railways opened peacefully and quietly. The company made no effort to operate its lines and the public, particularly residents of the outlying districts, whose employment called them over long distances, for the first time felt fully the force of the situation.

The Genoa street cable road and the California street cable road, the two independent lines, continued to operate as yesterday, an agreement having been reached that these corporations will abide by any decision that the men may reach with the United Railways. It is not expected that there will be any important developments in the situation until late this afternoon when the directors of the United Railways will hold a session and possibly come to a conclusion concerning the manner in which the demands of the union are to be met.

There have been no disturbances thus far and the temper of the strikers is pacific. Today every possible vehicle was pressed into service to provide transportation for unwilling pedestrians and to a lesser degree the street scenes of the strike of four years ago were repeated.

Many persons were compelled to walk to their places of business this morning, and there was a general feeling of disgust that they should be compelled to suffer because of the disagreement between the railway company and its employees.

BOTH SIDES FIRM.

There had been a feeling that the pressure brought to bear from all sides upon the company would result in the demands of the men being granted, but the violation of their contract by the union men, and their refusal to grant the company twenty-four hours' time until President Calhoun could arrive here, has dissipated any hope of a peaceful settlement.

DEMANDS OF MEN.

The strike against the United Railroads is a protest by the carmen against what they consider inadequate pay for exacting work and too many hours. The men demand \$3 a day and eight hours to constitute a work day. They receive under the present system twenty-five, twenty-six and a quarter and twenty-seven and a half cents an hour, respectively, according to the length of their service, and work ten or more hours a day, though not consecutively.

"NO ARBITRATION."

The declaration of President Calhoun when asked if the company would arbitrate with the men, that they were no longer in his employ, is taken to mean that there will be a bitter struggle to operate the street car lines with non-union men. Mayor Schmitt, who has always shown himself to be in sympathy with union labor, is quoted as saying that he thought that the men had been ill-treated when they refused to await the arrival of Mr. Calhoun before walking out.

REFUSES TO TALK.

President Cornelius of the Carmen's union, today refused to make any statement in relation to the published declaration of Mayor Schmitt that politics was the underlying motive of the sudden action of the union Saturday night. Cornelius said:

"I will not indulge in any personalities."

It was apparent that Cornelius did not intend to engage in any public discussion with the mayor.

CRUSHED BY HUGE TIMBERS

Breaking of Derrick's Guy Wire Ends in Fatality and Three Injured.

LOS ANGELES, Aug. 27.—One Mexican laborer was fatally injured and three others seriously hurt today at Lyon and Macy streets when the guy wires attached to a derrick broke, allowing the derrick to crash into a sand pit in which several of the laborers were at work.

The name of the one fatally injured is B. Acosta. The men had no opportunity to escape and were crushed beneath the heavy timbers.

BARTENDER ARRESTED.

J. K. Murray, a bartender in the employ of Jacob's saloon at Twenty-sixth and San Pablo avenue was arrested at an early hour this morning, it being alleged that he dispensed liquor after the hour of closing.

BICYCLE GONE.

Elwood Patterson of 357 Twentieth street has reported that his bicycle is missing and has asked the police to find the wheel.

SAFE CRACKED NEAR VALLEJO

Criminals, Steel Money and Checks From Well Known Resort.

VALLEJO, Aug. 27.—The safe of the hotel at Vallejo Sulphur Springs, a resort three miles from here, was broken open some time last night, the robbers escaping with about \$250 in cash and checks and some valuable papers.

The chief of police has informed the sheriff of Sclano and other counties of the robbery, which is thought to have been the work of professional safe-crackers. The proprietor of the hotel, Manuel Maderid, discovered the crime early this morning.

GOVERNOR-GENERAL IS ASSASSINATED

WARSAW, Aug. 27.—General von Liarliarski, acting military Governor-General of Warsaw, was shot and killed at 2 o'clock this afternoon while driving in a cab. The assassin escaped. This morning an unknown man warned the cab men of this city generally not to drive any of the Generals. General von Liarliarski was the commander of the Fifth Army corps at Warsaw.

SENATOR PERKINS' VIEWS ON NEW SAN FRANCISCO

SENATOR PERKINS.

Says City Will Be Rebuilt on Grand Scale, but Fears Flavor of Old Life Will Be Gone.

The following article, entitled "San Francisco Versus New York," by Senator George C. Perkins of Oakland, appears in the current issue of the New San Francisco Magazine:

"Some of the experiences during the destruction by fire of the greater part of San Francisco, are deeply significant of the spirit of the people and of the future of the city. When men who have seen the flames wipe out the last vestige of their business and who are fleeing from their homes which are doomed to like destruction, can as they chance to meet on their way to places of safety, speak enthusiastically of the larger, more beautiful and more prosperous city that is to arise where a conflagration still rages, there are those who doubt that the larger, more beautiful and more prosperous city will be built. The new city will follow the old, as new cities followed the old, and the new city will be built on the same site as the old city, which was destroyed in the days of the Argonauts; for the spirit of the founders of the city still lives, and is stronger than the day of adversity than during the past years when Fortune seemed most kind. The men who have been instrumental in founding a great city on a waste of barren sand, and their children who inherit the sturdy qualities which made their parents invincible, need to be reminded by the fact that they must begin anew. Indeed, their task is easier than any of those presented by the disaster, for they have the bones of all of the modern aids to great works which formerly did not exist, and a character of a commercial community which no one can destroy.

LOCATION ITS GUARANTEE.
"The location of San Francisco is the sure guarantee of its future. Nothing can deprive her of the advantages inherent therein. The fact that she dominates the key to the trade of the Pacific ocean, as New York is the key to the Atlantic trade. Raze the mountains to the ground, from the Estero to Harlem river, and the city would rise again bigger and stronger than ever, because at that point, and at that point alone on all the Atlantic coast, can ocean traffic be most advantageously conducted. Our own city occupies exactly the same relation to the Pacific ocean and the trade of the ocean that New York occupies to the Atlantic. Situated on a great bay, then, which is more beautiful and deeper water can perfectly shelter the sides of all the commercial nations of the world, the location of San Francisco is placed about midway between our northern and southern boundary, and from it stretch out the shortest and best lines of communication with the great ports of Asia and Australasia. In order that the vast commerce of the Pacific may be met equal for a city must exist where San Francisco now is, and were it not rebuilt by its own people, others and strangers would rebuild it. Were an earthquake to shake down some of Chicago's older buildings and cripple its water supply, that fire should sweep across the area, does anyone believe that so great a catastrophe would cause more than a temporary check to its prosperity? It would be rebuilt larger and better than before, as on a former occasion that we know of, because a great city is necessary at that point, and that point can be managed and controlled, the water traffic to and from the interior and the seaboard. The logic of location is irrefutable, and its action must and will be determined by it.

SAN FRANCISCO'S DESTINY.
"The manifest destiny of San Francisco will be to be the second, if not eventually the first, commercial city in the United States—should not be lost sight of by the people who are about to rebuild their city, for the fact that San Francisco should be made now for that larger growth which is soon coming, and haste to rebuild it, and permit it to interfere with plans essential to the future. Baltimore was rebuilt in a little over two years, but in great measure the haste to reconstruct prevented the vast that would have been of vast benefit, and today the burned district is hardly better than it was before it was destroyed, which San Francisco now has to provide for the future, and it failed to take advantage of it. It is to be hoped that San Francisco will read the lesson of Baltimore more aright, and will build for the future, not for the immediate future of a half a dozen years hence, but for the future of a quarter of a century and beyond, when the city we know and loved will be to the new city what the public town of 1871 is to the Chicago of today.
"San Francisco's geographical location will compel it to dominate the overland traffic between the two oceans as it is compelled to dominate the commerce of the Pacific. The three transcontinental lines which we now have will not be the only ones, for there are chances for other roads which will not be left unutilized. All parts of the United States to the east of us are reached more easily from San Francisco than from any other point on the coast, which advantage can never be taken from us, and will compel the interchange of transcontinental and transoceanic commerce to take place at our door. In the new San Francisco this must be taken into consideration for means constant increase of business and constant and rapid growth.

HER BRILLIANT FUTURE.
"But the ocean commerce and railway

of the Argonauts, from whose hospitable table no stranger ever departed but with warm place in his heart. It is this fact that San Francisco of old may never be quite restored that makes us sad. The city will go on increasing and our population will be all this we know will come to pass, for every San Franciscan has a will to it. But what we do not know is whether the favor of the old life will come back, bringing with it all the delights that made San Francisco unique. We only know that every San Franciscan will do his best, and that he will strive to bring back the San Francisco of old, though it must be in a newer and fresher setting. Unless we can bring back the old spirit we have indeed suffered a most grievous loss. Buildings can be erected without number, as they will be, and will again be filled with words of great richness and nobility. That loss is easily made good. But can such a break in the life of the city be so easily made good? Can the old conditions ever be re-established? We do not know, but we hope so. We hope that the city will give back to the world not only a city greater and more beautiful than that which was destroyed, but a city where life will continue to present all those charms which made San Francisco what she is, and what she must again be—the Queen City of the New World.

STOP. SUPPOSED INCENDIARY FIRE

Blaze that Might Have Sacrificed
Many Lives Discovered
in Time.

BERKELEY, Aug. 27.—A disastrous fire in the Dwight way business district was barely averted at an early hour yesterday morning by the prompt action of the fire department.

The blaze was discovered in the fruit and grocery store of C. E. Homer at 2111 Dwight way by Tom Woolley, as he was returning home with his wife from a dance. As he turned from Shattuck avenue east on Dwight way, Woolley, who, until recently, was a policeman, thought he heard the sound of a man at work on a safe. He peered into several stores, but did not discover the location of the sounds until he suddenly saw a figure dart from Homer's fruit stand and run east up the street at top speed.

Instead of taking up the pursuit, Woolley looked through the iron grating with which Homer's store is closed at night, and discovered flames leaping up from a counter in the rear. He turned in the alarm at the box on the corner, and within a few minutes the fire department was on the scene, and had extinguished the blaze.

The total loss amounted to only a few hundred dollars. Had the fire not been discovered so opportunely, however, the lives of hundreds of people in the apartments above would have been endangered.

The Foy block, in which Homer's stand was located, is one of the finest blocks in Berkeley, but as it is in close proximity to a number of large old-time wooden structures, had the blaze gained headway, the whole of this secondary business district would probably have been swept away.

It would seem from Woolley's story that the fire was incendiary, and an investigation is being conducted by the police. Two of the padlocks on the iron screen were unlocked when the fire was discovered, and one was found lying on the sidewalk. Half an hour before two special officers examined the padlocks and found them locked.

One of the firemen, Arthur Edgar, who is stationed at the house No. 3 on Regent street, had two fingers smashed while he was blocking up his engine. He was on duty again today with a bandaged hand.

MAY BE INSANE.

ALAMEDA, Aug. 27.—Frank Barberis was arrested yesterday at the corner of Webster street and Lincoln avenue, and taken to the city prison. This morning he was taken to the Receiving Hospital in Oakland, where he will be examined, as it is believed he is insane.

EXPECT NEW ERA IN GROWING OF WHEAT

PROFESSOR G. W. SHAW.

Professor's Visit to the East to Yield Results of Interest to the Farmers.

BERKELEY, Aug. 27.—A new era in wheat growing in this State is expected to result from the recent visit of Professor G. W. Shaw to the agricultural experiment station at the University of Minnesota. Professor Shaw is the wheat expert of the University of California, and went to the Minnesota State Agricultural college this summer to study the methods in wheat selection employed there.

He said today: "By selection of the

kernel the Minnesota experiment station has been able to produce two or three varieties of wheat which, over a period of ten years, have yielded on the average of from three to eight bushels per acre more than the wheat commonly grown in that section.

"I intend to introduce in this State the methods which have resulted so successfully at the Minnesota station. Time, however, is an important element in the work which will have to

SEND BULLET INTO WINDOW

Three Young Men on Bicycles
Fire Shot That Alarms
Residents.

ALAMEDA, Aug. 27.—The police are considerably mystified at the action of the young men who yesterday sent a bullet whistling through a window in the residence of E. J. Harden at 1522 Broadway.

While persons were walking about the street and neighbors were sitting on their front steps three young men came along the street riding bicycles. When they came opposite the Harden home one of them pulled a revolver from his coat and sent a shot through the window. The occupants of the house were alarmed at the sound of the breaking glass and rushed to the door in time to see the young men speeding along the street on their bicycles.

The police are unable to give any reason for the act and believe it to be the result of a drunken orgy.

There was luckily no one in the room at the time or the mad act of the youths might have ended fatally. The shot lodged in the rear wall of the room.

DAUGHTER OF PIONEER DIES IN ALAMEDA.

ALAMEDA, Aug. 27.—Mrs. Emma Keser, the daughter of Henry Haster, one of the first comers to California, and who was born in Sonora in 1856, died in this city early Sunday morning. Mrs. Keser had been ill for some time and her death was not unexpected.

For many years the deceased resided in Sonora and came to Alameda a number of years ago. She had resided since that time at the east end of the city. The funeral took place this afternoon. The deceased is survived by a husband and daughter.

to be done here. No wheat is distributed to the farmers from the Minnesota station until it has a record under trial for two years. No chances are taken. It is possible that the first or second crop may be freak yields or that climatic changes and conditions may be partly responsible. Burbank's creations have been the result of patient experimentation of many years, and time is equally an essential element in the improvement of cereals and other crops.

ALAMEDA POLICE RAID ORIENTAL GAMBLERS

Capture Three of the Chinamen
Engaged in Game and Expect
to Convict Them.

ALAMEDA, Aug. 27.—Once again have the police raided the Chinese gambling houses and captured Orientalists who were present at the game. At a late hour on Saturday night Chief Conrad and Detective Brown raided one of the houses on Lincoln avenue. They captured three of the Mongolians, and they are now in the city prison awaiting trial.

This is the third time in the past six months that the Chinese quarters have been raided. In the two former in-

stances the Chinese have been acquitted when they came to trial, but the officers believe that they have sufficient evidence to convict the men this time. There were twelve seated around a table when the officers entered, but the most of them were too quick and escaped through the many doors in the house. Chief Conrad has heretofore stated that it was impossible to convict the Orientalists, but his action Saturday evening gives the impression that he has now secured enough evidence to bring about a conviction.

WOMEN STUDENTS INSTALL PRESIDENT.

BERKELEY, Aug. 27.—The new president of the Associated Women Students of the University of California, Miss Cornelia Stratton, was installed by the retiring president, Miss Phoebe Finney, at the first regular meeting of the fall term, held in California hall last Friday evening.

After the business meeting arrangements were discussed relative to the reception which is to be given to the women of the freshman class next Thursday afternoon in Hearst hall. It is the purpose of the organization to make this one of the most interesting affairs of the season.

The committees appointed by Miss Stratton for this event are as follows: Refreshments—Kathryn Burns, '08, chairman; Gladys Rogers, '07; Frieda Hughes, '08; Florence Goddard, '09.

Decorations—Margaret Summers, '08, chairman; Dorothy Burdett, '07; Eva Reese, '07; Alice Porterfield, '08; Maude Cleveland, '09.

Reception—Marion Craig, '07, chairman; Sarah Mathew, '07; Annie Bidle, '08; Mabel Goldard, '07; Grace Phaschar, Stella Harms, '07; Edna Wieland, '07.

Initiation—Elsie Cole, '08; Grace Kraft, '07; Linda Scott, '08; Frances Woolsey, '08; Leona Lane, '08; Edith Joy, '09.

Program—Hazel Lyons, Mabel Edwards, Irma Bromley, Florence Jackson.

MUSICAL SERIES OPENED YESTERDAY.

BERKELEY, Aug. 27.—The first half-hour of music of the fall series was given in the Greek Theater yesterday afternoon before an audience of some six thousand people who came, not only from Berkeley, but from Oakland, Alameda and the other cities on this side of the bay and from San Francisco as well. The program was given under the direction of John Carrington, the well-known San Francisco soloist, assisted by Mrs. Partington and Wallace Sabin, organist.

The program for the half hour of sacred music was as follows: "Israel" (Oliver King), Mrs. Carrington; "On That We Two Were Maying" (Gounod), Mrs. Partington; (a) "Psalms" (Frank), (b) "Wait Thou Still" (Frank), Mr. Carrington; "There's a Land of Roses" (Risgal), Mrs. Partington; (c) "Willow Song" (b) "Drink to Me Only With Thine Eyes" (old English), Mr. Carrington.

MRS. REBECCA REED HAS PASSED AWAY.

BERKELEY, Aug. 27.—Mrs. Rebecca Reed, beloved mother of Nettie Thomas of Visalia, F. W. Reed of La Grande and Mrs. G. Reese of Berkeley, died yesterday at the home of her daughter, 1920 Bonita street.

Mrs. Reed was confined to the Alta Bates Sanitarium for the past three weeks, where she was treated for a complication of diseases. She was removed to the sanitarium immediately after the San Francisco fire. Dr. J. E. Kelsey attending Mrs. Reed until the time of her death, which took place at 6 o'clock last night. The funeral services will be held tomorrow from the undertaking parlors on College avenue near Addison street.

CHILD IS LOST AFTER JOURNEY

Travels All Way From Los Angeles and Misses Mother at Depot.

ALAMEDA, Aug. 27.—Little Gladys Ragsdale traveled all the way from Los Angeles unattended, only to become lost in Alameda yesterday afternoon. The child was to have been met at the station by her mother, but in some way the parent did not appear and the daughter wandered aimlessly about the city until she was picked up by a patrolman and taken to the city prison.

The girl is but 14 years of age and has twice traveled the distance from here to Los Angeles alone. She resided with her mother in San Francisco and they were turned out in the fire. The child was then sent by boat to her aunt in Los Angeles. She made the trip all right and when her mother had settled in Alameda she sent for the child.

Gladys was put on the train by her aunt and made the trip to Alameda without mishap. Through some mistake on the part of her mother the girl arrived at one station while her parent was waiting at the other. After waiting over an hour the mother then went to the police station and found her child.

OBJECTIONS MADE TO CRITICISMS.

BERKELEY, Aug. 27.—The Daily Californian, the college paper, accuses the people that attend the rallies in the Greek Theater of ungentlemanly and unladylike conduct in criticizing the speakers and the "talks" of the students. The editor of the publication does not mince matters, as may be seen from the following:

"Friday evening at the rally we overheard several critical remarks from citizens of Berkeley who came as spectators. It is hard to impress upon the minds of some people that the rallies are held for the students for a serious purpose and not for the amusement of every Tom, Dick and Jerry around the bay. If the citizens of Berkeley, Oakland or any other place wish to come uninvited, the least they can do is to act like ladies and gentlemen."

SENIOR CLASS MEETING. BERKELEY, Aug. 27.—The senior class of the University of California will hold its first regular meeting of the term next Wednesday afternoon at four o'clock when arrangements will be made for the election of officers. The proposal to issue a senior record book will be taken up and passed upon.

Pabst
Clean Food

THE American people demand clean food and they are entitled to it. Pabst beer is a clean, wholesome food and the Pabst brewery is a model of cleanliness. No other food factory in the world can show such a record of cleanliness in process of manufacture as the mammoth Pabst brewery, where the famous Pabst Blue Ribbon is brewed. From brew to bottle or keg, it is never touched by human hands—in fact, in its entire process of manufacture it never comes in contact with anything but sterilized pipes, tubes, sealed storage tanks and filtered air.

Pabst has spent millions to make clean beer, just as he has spent millions to make the richest beer. Pabst exclusive eight-day method of making malt give the full richness of the grain to the beer. It doubles the expense of brewing but it makes Pabst Blue Ribbon the best beer—perfect in age, purity, strength.

EDDIE SMITHGANS FORGES AGREE
TO ACCEPT GEO. SILER

GOLDFIELD, (Nev.) Aug. 27.—Larry Sullivan's self-advertising bubble was most effectively pricked by the executive committee of the Goldfield Athletic Club yesterday when the manager of the negro, Gans, was hauled before that committee and made to beat a hasty retreat from his opposition to George Siler as referee of the Gans-Nelson contest.

Not only did he "drop" on his sudden stand, but he was subjected to various and sundry rebuffs by the members of the committee.

Although the members of the club sit all along that the opposition to Siler was a bluff from start to finish, they deemed that some action should be taken to prevent further imposition on the club as well as to stop the negro's manager from inflicting the fight by sending broadcast such scandalous reports in which the name of Sullivan appears so frequently.

CHANGES POSITION.

The meeting of the club was held in the regular quarters of the club, but immediately adjourned to the office of the company, which is presided over by the manager of the negro.

The manager of the negro was called on for an explanation and he stated that he was opposed to Siler for many reasons. Gans, of course, was made the "fall guy" for the stand of the manager. Mr. Manager stated that the opposition to Siler was because the referee was a lifelong friend of the manager, and because the Chicago veteran is too old to be competent. When asked why he had waited until the eleventh hour to make his protest, the Gans manager stated that "Joe was afraid to snail the match."

THE EXPLANATIONS.

As soon as the manager had made his funny bunch of explanations, various members of the executive committee proceeded to point out to the custodian of the Gans interests and the director of the Gans destinies, where he was in error. Ben Rosenthal, one of the executive committee, who voted for Jack Welch for referee, but who gracefully agreed to the selection of the club stated to the Gans manager that the position he had assumed was wrong and that he must abide by the decision of the club and not raise a row at this late stage of the game.

At Myers said to the negro's manager that if he was not satisfied he was getting a square deal that he (Myers) was willing to have the fight called off and to forfeit the \$2500 he

had put up to bring the fight to Goldfield.

FOR GUARANTEE.

After over an hour of talk, Richard would accept Siler, or if he wished the club to take immediate action to enforce the negro to abide by the articles of agreement. When it came to the show-down, the Gans manager willed and agreed to accept Siler, "if the club would guarantee Gans a square deal."

After the meeting was over Gans' manager issued a long-winded statement, setting forth his view on the referee question and explaining why the stand was taken. Of course, Gans was set forth as the real opposer of Siler. In the statement Gans is quoted as having said that ordinarily he would be a 10-to-4 favorite, but with a referee with "Nelson predilections" 10 to 8 would be about right.

SPIRITS BIRD AWAY.

Just after the meeting a number of the newspaper correspondents entered a bus and started for Columbia to ask Gans for a statement on the new turn in affairs. The Gans manager was not on hand when the bus departed, but some of his trusty lieutenants must have hunted him up and told him that his protégé was about to be interviewed.

The bus containing the correspondents was just pulling into the Merchants' Hotel at Columbia when the big machine that is the property of the Gans manager dashed up before the hotel and the manager beckoned Gans to jump in.

Joe quickly scrambled into the machine, but not before the manager had been halted and asked to wait until he could be interviewed. Mr. Manager paid no heed to the request of the correspondents, but ordered his chauffeur to put on all steam and go. In a second Gans and his manager were whisked away and the press representatives left standing in the road.

ANOTHER BET.

Nelson and Gans went through their regular routine of work without incident. Frank Horton, a mining man, bet \$1000 even with Gans and \$250 even with Trainer Frank McDonald that Nelson would win. When last seen Horton was looking for Gans' manager to bet \$2500 even on the Dabe.

The box office was open for a couple of hours yesterday and over \$1000 in seats were sold. Telegrams are coming from all parts of the country asking for reservations, and it is thought that by tonight several thousand dollars over the purse money will be in the treasury.

PAUL T. CARROLL
IS IN THE EAST.

Paul T. Carroll, Oakland's leading harboreshopper, is now in the east selecting a stock of dress accessories for men that will favorably compare to any invoice that has ever been shipped to this coast. While Mr. Carroll is in New York he will be the guest of the New York Athletic club, and will show the metropolis boys what a reliance club athlete can do in wrestling. Mr. Carroll expects to be back in Oakland about September 1.

FINAL HEAT OF
GREAT RACE
TONIGHT

Tonight marks the last night of the big three-day race which was begun at the Lakeside skating rink about ten days ago, but was interfered with by the absence of several of the participants on one of the evenings scheduled to witness a heat in the contest.

Two heats have already been run and the first and second man in each heat, according to the rules, are to make up the four to compete in the final tonight. The distance is one mile.

The first heat in the series was won by Charles Bernard, the speedy boy from Sacramento, who is also noted for his ability to skate backward faster than most racers go forward, and Clement Miner, a local favorite, took second place. The next heat was captured by Charles Clarke, who recently won a six-day race at Fresno. Merritt Clarke, the other son, finished second in this heat.

Those four fast men are listed to get together in a grand final contest to-

S.S.S. PURELY VEGETABLE

The fact that S. S. S. is a purely vegetable preparation, containing not the slightest trace of mineral in any form, has been one of the strongest points in its favor during its forty years of existence. It is recognized everywhere not only as the best of all blood purifiers, but the one medicine that can be taken with absolute safety by the youngest child or the oldest member of the family. Next in importance to removing the cause of any disease is the condition in which the system is left after a course of medical treatment. Medicines containing mercury, potash or other strong mineral ingredients often do permanent injury by eating out the delicate lining and tissues of the stomach, producing chronic dyspepsia, unfavorably affecting the bowels and so damaging the system that even if the original cause of the disease has been removed, it is left in such a deranged and weakened condition that the health is permanently impaired. S. S. S. enjoys the distinction of being the only blood medicine on the market that does not contain a mineral property in any form. Being made entirely of roots, herbs and barks it is absolutely harmless to any part of the system, and while curing disease adds strength and health to every part of the body. S. S. S. removes all poisons, freshens and purifies the blood and gives better and more lasting results than any other blood medicine. S. S. S. is the very best treatment for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all troubles due to an impure or poisoned blood supply. Besides being the King of blood purifiers S. S. S. is the best and most invigorating of all tonics.

AT IDORA
PARK

The result of the baseball games yesterday gave the Angels the series, by four games to three.

Honors were even at Idora park yesterday, the Angels taking the morning game and the Refuges winning in the afternoon, before one of the usual big Sunday crowds.

Dumb work on the bases lost the first event for Wilson's men, for though Tyson was touched up often for hits, Randolph fared but little better, and the Seals threw away chance after chance to win out.

Toman was put out of the game and fined a "V" for kicking about the balk called on Randolph, but he played in the afternoon.

Behind Roy Hitt in the second game San Francisco did better, scoring at least one run in every inning in which they secured a hit. The scores:

Season Opens in
Very Auspicious
Manner.

The track season at Oakland high was formally opened a few days ago at the rally held in the school court. Over one hundred students answered the call for volunteers to repair the chander path, and it took this enthusiastic aggregation but a short time to complete its labors.

The spirit at the school is strong this term, over forty new men having already commenced training. Captain Vail considers the chances for a championship team still bright, although it is now doubtful if Albert Munn will compete in the coming meets.

HE IS LIVELY.

However, the loss of Munn will be partially offset by the acquisition of a new man, Kittrelle. He is a husky young athlete who entered the school last week as a senior. It is rumored that he can do 11-8 in the pole, besides being an adept in the hurdles and hammer. His preliminary training shows him to be undoubtedly fast.

The long distance men are looking forward expectantly to the cross country run to be held in Golden Gate park, September 1. A team of five men will be entered from the high school, and although they go against veterans, they are expected to make a good showing.

SENIORS WILL WIN.

Another event which will attract some attention will be the inter-class meet about the middle of September. This year, which last year was under the value of the new material,

The Car Strike in San Francisco.

However reasonable intrinsically the demands of the San Francisco carmen may be, the president of the United Railroads makes two very strong points in stating the position of his corporation that will have a powerful effect in determining public opinion—all the more for the reason that the facts he alleges are of record and undeniable. Mr. Calhoun points out that the carmen summarily violated a written agreement entered into by the representatives of the union and the officers of the United Railroads, which agreement does not expire till May 1, 1907. The carmen also refused to wait the arrival of Mr. Calhoun, a mere matter of twenty-four hours, but struck at once, tying up the whole system.

That the work of the platform men in San Francisco under present conditions is exceedingly arduous and disagreeable is evident to every person who has given the matter the slightest attention. The cars are so overcrowded that the conductors have to literally keep bucking their way through the throngs, while the motormen have to handle bar and brake with passengers pressing them in a corner, making their task more difficult and wearisome. Probably the company would have taken into account the manifest fact that the work of platform men has become harder and the cost of living higher, due to sudden and unforeseen calamity, and consented to a modification of the existing agreement that would have shortened the hours of labor and increased the compensation. If it declined to make reasonable concessions, there was the recourse to arbitration provided for in the agreement. It was not unreasonable to wait a day till the president of the company arrived and was given a chance to discuss the matter with his subordinates and the representatives of the union. It is most unfortunate that he should have encountered a strike and a general tie-up of the system on his arrival—a condition provocative of ill-feeling which renders an amicable adjustment satisfactory to both sides more difficult.

As Mr. Calhoun points out, there can be no industrial peace or stability in the relations between employers and employees unless compacts entered into after due deliberation are respected by both sides and lived up to in letter and spirit. Public sympathy remained with the striking teamsters, notwithstanding many acts of violence and not a little wanton brutality, because the Drayman's Association, under pressure from the Merchants' Association, violated a solemn compact entered into to adjust differences. Public opinion has also supported the striking printers for the same reason. The employers violated a written contract. As regards the teamsters and printers, the employers set a bad example in breaking faith, but events have proved that the public has invariably insisted on fair play and good faith. The attitude of the public in the past should admonish the carmen that they can rely on it in future, so long as they keep faith on their own side. Nor would the public fail to take into consideration the altered conditions of service on the street railroads since last April. It is generally recognized that the men are entitled to a modification of the agreement that will increase their compensation and lighten their toil, but the popular respect for a mutual agreement in writing is not to be treated lightly. If such compacts are to be broken at the convenience of either side, they are not worth the paper they are written on, and are no guarantee of industrial peace. There can be no confidence between employer and employed, and no security to the public that strife will not break out at any time to the harassment and detriment of business.

The strike against the United Railroads is a protest by the carmen against what they consider inadequate pay for exacting work and too many hours. The men demanded \$3 a day and eight hours to constitute a work day. They receive under the present system twenty-five, twenty-six and a quarter, and twenty-seven and a half cents an hour, respectively, according to the length of their service, and work ten or more hours a day, though not consecutively.

What is reasonable under the circumstances cannot be separated from the fact that the Carmen's Union is bound to the existing hours and wage scale by a written compact which does not expire till next May. The terms of this compact are also to be regarded in the light of the fact that conditions have been greatly altered by extraordinary vicissitude which makes insistence upon its letter by the United Railroads unjust in some particulars. Both sides, however, should keep in the mind that the public, which will arbitrate the dispute in a way, is numerically the largest party in interest, and by reason of peculiar conditions is under imperative necessity to be served in the matter of street transportation regardless of who else goes to the wall.

The Sewer Bond Election.

A good sewer system is of paramount importance to a modern system. It is necessary to proper sanitation and sanitation is necessary alike to health and public convenience. Health and cleanliness are indispensable requisites in a city that prides itself particularly as an ideal place of residence. They are absolutely necessary to industrial operations on a large scale.

Oakland is now face to face with a sanitary crisis, and the bond election called for next week will decide whether or not it is to be met in an enlightened and progressive spirit. Growth and development are crowding upon us so fast that the construction of a scientific sewer system has become an immediate and imperative necessity. If the sewer bonds are not voted health conditions will shortly be deplorably dangerous to such an extent as to threaten the unexampled prosperity Oakland is at present enjoying. Therefore, it behooves every business man, workingman and property owner to take an active interest in behalf of the bonds.

Oakland's present sewer system, if it can be called a system, is a patch work, make shift affair, outgrown and outworn. Although the sewerage drain is everywhere to tide water no permanent or proper outlets have been provided. The wooden outlets terminating at the high tide line on private property have rotted away, compelling replacement. But if new and serviceable they would be wholly inadequate to present needs, and would be only temporary makeshifts. The entire water front area is now in process of reclamation and improvement, however, necessitating the extension of permanent sewer outlets to deep water. The proposed bond issue is for this purpose and for the construction of new mains and the reconstruction and enlargement of old ones.

There should be no two minds about the necessity and importance of this projected improvement, which has been studied out long and carefully, and been postponed till further postponement threatens disastrous consequences. It is to be hoped that every public body in the city will take this matter up and urge upon the citizens at large the wisdom of voting the bonds. Every resident of the city is vitally concerned, and we trust none will fail to see it.

Vice-President Fairbanks soon is to visit Milwaukee. We imagine the reception of the buttermilk-drinking statesman in Milwaukee would be cool, even for his temperature.—Atlanta Constitution.

The Tribune's Gratifying Growth.

Yesterday THE SUNDAY TRIBUNE consisted of forty-four pages, carrying 1993 inches of display and 878 inches of classified advertising—a gain over the previous Sunday of 101 inches of display and ten inches of classified advertisements. Yet a considerable amount of advertising had to be rejected Saturday evening for lack of room. This unprecedented volume of advertising is proof of the healthy and rapid growth of business in Oakland and at the same time is a superb testimonial to the popularity of THE SUNDAY TRIBUNE as an advertising medium. In a few days the arrangements for making THE TRIBUNE a greater paper than ever will be completed, and then Oakland will have a newspaper which will challenge comparison with any of its class in the United States. Our Sunday news service has been vastly improved by the addition of the splendid leased wire telegraphic service of the Hearst newspapers, giving the people of Oakland and adjacent cities the same news facilities enjoyed by the inhabitants of New York, Chicago and Boston. In a few days THE TRIBUNE'S mammoth sextuple press will be running, and the delays to a large and increasing circulation, pressing too hard on mechanical facilities, will be obviated, and subscribers will get an earlier delivery and a better paper.

Alameda county makes a splendid showing in the bulletin of the census bureau, showing the increase in industrial enterprise during the last five years. The increase in San Francisco, compiled from data collected prior to April 18th, was 47 per cent; in Oakland it was 77.6 per cent, and in Berkeley 213 per cent. Since the San Francisco fire the industrial expansion on this side of the bay has been by leaps and bounds, and promises to continue with accelerated rapidity. The growth throughout the State is extremely gratifying, but for the cities on the Alameda shore it surpasses not only expectations but hopes.

The vigorous measures taken by Chief Wilson to rid the town of loafers and bad characters are worthy of commendation and should be seconded by the citizens at large, who are deeply interested in the banishment of the criminal element. The social atmosphere is polluted by the presence of men who live by their wits or off the filthy earnings of fallen women, while crime flourishes and the dangers of the night life increase. It is gratifying to note that the chief of police is doing what he can to rid the community of the vermin recently congested here.

THUS SAYETH THE PREACHER.

"Writ on a ruined tower of Cashmere:
"The end is nothing—and the end is near."

We are nearing, O comrades, through shadow and shine,
With whatever ambition possessed,
We are nearing, though fleet,
Or reluctant our feet
The country of ultimate rest.

Through these gardens of fragrance, these meadows of bloom
Through these woodlands of russet and red,
In the cold light of moons,
In the ardors of noons,
We are nearing The Land of the Dead.

The slumber we know of is troubled and brief.
It mocks us with dreams manifold—
The night without beams,
And the sleep without dreams
We shall find in the Castle of Mold.

Its walls never echo the voices of men
'Gainst its base ocean's waves never break;
There the winds lie unstirred,
Not the note of a bird
Shall the mouldering inmate awake

The casement ne'er open to let in the spring,
To our ashes all pulseless and cold
Beauty's glance and breath
Shall not rouse from their death
The passions that warmed us of old.

In the House of the Past we shall moulder away
Forgetful of all that has been.
We never shall know
Are these hills clad in snow
Or whether these valleys are green.

We never shall know though through each summertime
Forget-me-nots azure with bloom
Our grave, and the tear
Of those we held dear
Unheeded shall fall on our tomb.

For constancy, friendship, love, virtue and grace,
They are nought in the House of the Dead.
We shall slumber, indeed,
Without end, without heed,
While Eternity walks overhead.

—Olav Gunstveit in Reno Gazette.

MUCH FOOD STUFF HAS BEEN DESTROYED.

CHICAGO, Aug. 27.—Three hundred and fifty thousand pounds of foodstuffs were destroyed in Chicago last week, according to the last issue of the bulletin of the health department, because they were impure. The bulletin says the food inspectors in the downtown district alone condemned and destroyed 50,719 pounds. This includes 15,000 pounds of canned goods and 2980 pounds of fruit and vegetables.

The bulletin says the inspectors took samples from five candy factories, three evaporated egg concerns, three baking-powder factories, ten ice cream factories, thirty bakeries and seventy-five fruit stands.

Arrests have also been numerous during the week, according to the bul-

letin. Fifteen Greek peddlers, two fish dealers, three bakers and three ice cream dealers were arrested on the charge of attempting to dispose of foodstuffs that were unfit for consumption.

LOST BOX OF TOOLS.

SOCIETY

BRIDES-ELECT RECEIVE HONORS

Informal Affairs Given for Engaged Girls—General Society News.

Miss Lillian Isaacs was hostess this afternoon at a linen shower given at her attractive home on Allice street. The complimentary guest was Miss Gertrude Gould, whose marriage with Dr. Roderic O'Connor takes place September 5.

Among the guests who enjoyed the informal reunion today were: Miss Lucette Burnham, Mrs. Harry Alderson, Mrs. John Valentine, Mrs. Hugh Goodfellow, Mrs. Philip Clay, Miss Letty Barry, Miss Irene Bangs, Mrs. Kenneth Lowden, Miss Flora MacDermott, Miss Laura Sanborn, Miss Florence Hush, Miss Elsa Marwedel, Miss Louise Hall, Mrs. Durney, Miss Florence Yates, Miss Bessie Palmer, Miss Katherine Kutz, Miss Viva Nicholson, Mrs. Challen Parker, Miss Marian Walsh.

IN THE SOUTH.

Miss Gertrude Russell, accompanied by her father, left last evening for the southern part of the State. They will spend several weeks visiting points of interest in the south, including a trip to Catalina island. Miss Russell has many friends in Los Angeles, where her home was for several years, and the popular girl will doubtless be the motif for many society affairs during her stay.

HOLLUSCHICHIE CLUB.

The members of the Holluschichie Club assembled Saturday evening at their quarters on Pine street, San Francisco, for a dinner of state and a farewell to a pair of deserting members who are leaving bachelorhood and the club list.

The two members who were sped on their way to the entertainment and royal feast were Leonard Hammond and Edward Haas, who recently made public their respective betrothals to Miss Ruth Merrill and Miss Thompson of Stockton.

The first inkling of the nature of the entertainment was patent in the invitations, which, heavily bordered in black, announced in solemn script that a "wake" would be held by the Holluschichies and "The Call of the Tame" was sounded. "Services," it went on to say, would take place in the club's room at 7 o'clock, and a general attendance was requested to "view the remains" of "Ed Haas and "Chief" Hammond. The recipients were advised to "return inclosed postal" stating whether a "new" should be reserved among the chief mourners.

Every detail of the unique affair was of funeral flavor and clever toasts were given in honor of the departing members.

There were present Edward Haas, N. S. Wright, E. H. Pierce, R. W. Frank George Vernon Gray, Harry Quinn, George James William Sanborn, J. V. Dorsey, William Hogg, Heavitt Davenport, J. M. O'Brien, Douglas McBray, Lincoln J. Upham, Milton Latham, Professor Setchel, Frederick M. Penwick, W. C. Robbins, H. E. Scott, B. P. Upham, Harry Conach, Charles Townsend, Henry Keeling, Isaac Upham, Lorn Hunt, Charles Dobbie, Thomas Bishop, Frank Bishop, James Bishop, W. L. Baggey, Thos. Pikey, Charles Tripler, L. H. Van Wyke, Fred Harvey, W. H. Smith, William Harrelson, Frank Preston and Milton Baily.

AN ENGAGEMENT.

Mr. and Mrs. Herschen of San Francisco announce the engagement of their daughter, Marie, and Louis Smith of this city.

ENGAGEMENT NEWS.

The engagement of Miss E. Adela Wickoff and Eugene L. Brock was announced Saturday afternoon at a luncheon given at the Wickoff home on College avenue, Berkeley.

Miss Wickoff was one of the most popular girls at college, having been a member of the staff of the Blue and Gold and has served on various class committees. She was on the women's varsity basketball team in her freshman year and played guard in last year's victorious team.

After graduating from the Berkeley

who assisted Miss Gertrude Mills in receiving at the tea given yesterday for Miss Edna Montgomery.

High school, Brook entered the National Bank of Berkeley, where he holds the position of assistant cashier. He is the son of the late J. W. Brock and resides with his mother in Berkeley.

The ceremony will take place early in November.

ART CLUB.

The Outdoor Art Club of Mill Valley held an interesting session last Thursday at the clubhouse. After the business meeting Mrs. Henry Stewart Bridge, president of the club, announced that a musical program would be presented under the direction of Mrs. E. L. Heuter.

Those who contributed to the afternoon's pleasure were Mrs. Olive Reed Cushman, Mrs. E. L. Heuter, Mrs. Sidney Liebes, Charles Mayer and Frederick Maurer Jr.

The club is preparing for an elaborate card fete, to take place Saturday afternoon, September 29. Mrs. Horace Coffin has been appointed chairman of arrangements. Admission will be charged and invitations will be extended to all the bay town clubs.

SPECIAL NOTICE.

A request has been sent to the Daughters of the American Revolution by Mrs. Harry Nathaniel Gray, State regent, that all members of the organization report at once all changes of address to their respective regents. Mrs. E. H. Davenport, California Chapter, 1931 Pacific avenue, Mrs. John Hoyt, Puerta del Oro Chapter, 2625 Steiner street, and Mrs. William B. Carr, Sequoia Chapter, 2003 Alameda avenue, Alameda. A special meeting of the California Chapter will be held at the home of the regent, Mrs. Davenport, on Pacific avenue on August 29.

JAPANESE PARTY.

Miss Victoria Gulchard entertained recently at a Japanese party, given at her home, 1068 Twelfth street. The rooms were decorated with Japanese lanterns and the young ladies who assisted the hostess wore Oriental dresses. Among those present were Miss H. Healy of Los Angeles, Miss A. Whelan, Miss Purdy, Miss E. Dureaux, Miss Degan, Miss Davis, Miss McDonald, Miss Bandine, Miss Bliven, Messrs. A. Tarry, S. Shaer, J. Whelan, Fitzgerald, Judge Davis, Dunn, Sheehan, McCarthy, J. Biven, Dutreux and Chase.

FOR BRIDE-ELECT.

Miss Edna Montgomery was the honored guest at a tea given yesterday by Miss Gertrude Mills. The hours were from 4 until 7, and the honored guests included many of the younger society maids and a number of army officers, friends of Lieutenant Sturgis, the fiancé of Miss Montgomery. The callers during the afternoon were received by Miss Mills, Mrs. W. L. B. Mills, the mother of the young hostess, Mrs. Thomas E. Hale, Miss Montgomery, her sister Mrs. Charles Stuart, Miss Marion Mills and Miss Ida

MUST HAVE BIGGER JAIL

Too Many Prisoners and Some Go Free for Lack of Quarters.

If the number of prisoners in the city prison increases as it has for the past two months, it will be absolutely necessary that additional quarters be secured for jail purposes.

Chief of Police Wilson said this morning that he did not know what he would do this winter for prisoners' quarters if they are given into his charge in as large numbers as they have been since the earthquake.

"I am making some changes," said the chief, "for the purpose of making more room, but additional space is needed. I am doing the best I can, but it is absolutely necessary that a room should be secured for jail purposes."

According to Captain W. J. Peterson's report on August 25 there were 102 prisoners in the jail, on the 26th, 111, and on the 27th, 109. At this time there were forty or fifty prisoners were thought to be an excessive number.

The police judges are compelled to suspend judgment on many of the drunks, as the room they take up is more valuable than their presence in the city's hotel.

VARIOUS DOINGS AT THE THEATERS.

"Gloria-Gloria" will be sung but three times more at Idora Park and tomorrow (Tuesday) night the performance will be in the nature of a benefit for the fund for the relief of the sufferers from the terrible disaster in Chile. Not only will the profits from the theater go towards this cause, but also from the various concessions, including the open-air skating rink, circle swing and other amusements.

Thursday night will witness the gorgeous production of "Robin Hood," with Bernice Holmes, the great contralto, as Alan-a-Dare, and a cast of thirty actors, including the reappearance of Arthur Cunningham.

The orchestra and chorus has been largely increased for this production and the management promises a great surprise.

"The Eagles" will give a grand theater party on Thursday night.

There will be a special matinee on Monday next (Labor Day) under the auspices of Central Labor Council of Alameda county.

Seats for "Robin Hood" may be secured a week in advance at Sherman, Clay & Co's, corner Thirteenth and Broadway, Oakland.

YE LIBERTY PLAYHOUSE.

This week's offering at Ye Liberty Playhouse will be a romantic costume drama of great heart interest, entitled "The Lady of the Lake." It will also serve to introduce the new leading lady, of whom we got but an impression in the White Milk Play, in a role befitting her abilities for Miss Fletcher's reputation in the East was gained by her excellent performance of "emotional" roles and modern society plays.

The time of the Borjia, one of the most interesting periods in European history.

"EVERYMAN."

The sale of seats for the special matinee at Ye Liberty by Constance Crawley, the great English actress, supported by her own company, opens Thursday morning at nine o'clock. The matinee will be given Wednesday, September 5, the hour being set at 3:30 p. m. in order to accommodate school teachers and their pupils who are anxious to see this wonderful old morality play.

WHERE HORSES ARE ESSENTIAL

In the Circus They Are Safe From Rivalry of Electric Motors.

There is one field of endeavor in which the horse is an absolute essential. In the circus, at least, he is safe from the rivalry of electric motors; for no circus exhibition is complete without feats of equestrianism. Oscar Lowande, head of the present Lowande family, who will be a feature in the Monday and Tuesday performances of the Forepaugh-Sells shows, comes from a long line of daring riders, his ancestors for five generations having been champion bare back performers; his great, great, great grandfather, Alexander Lowande, a Russian Jew, was the premier rider in the Royal Court circus of St. Petersburg in 1780. Oscar Lowande, with his brothers and sisters, is this season presenting an equestrian novelty. With four beautiful horses harnessed to a tally-ho drag, and while in rapid motion, they perform all of the acrobatic stunts which gymnasts usually find difficult of achievement on the platform.

End Gorman, equestrian director of the Forepaugh-Sells performance, presents a string of blue ribbon Kentucky thoroughbreds, magnificent specimens of equine beauty, which perform feats in a manner which arouses the greatest enthusiasm.

Madame Marantette will exhibit the champion high school and saddle horse, Prince Rowland, who has never been defeated in any show ring. He has twelve distinct gaits under saddle, keeping time perfectly with the music, also the famous high jumping horse, St. Paul. The world's champion record of seven feet ten and one-quarter inches is held by St. Patrick.

Miss Daniels will introduce two attractive English horses in a clever and artistic drawing room display of equestrianism. There are, it is said, no less than twelve different feature acts in the Forepaugh-Sells shows which depend upon the intelligence and beauty of the horse for the results achieved.

In addition to these feature acts, are the hippodrome, a double act, the Roman standing race, two chariots, each drawn by four horses, the Indian ponies ridden by Simian jockeys, and the clowns in sulks driving race.

In the spectacle "Fighting the Flames," six teams, some of them three abreast, play important parts. They are regularly trained fire horses and it is said exhibit a degree of intelligence little short of marvelous.

The Clydesdale and Percheron draft horses, used in the parade and for drawing the heavy paraphernalia to the show grounds, are an attractive feature. The three stables used in caring for this department are the first erected upon the show lot, and are models of equine luxury. A veterinary surgeon and six assistants are in charge of the equine hospital. There are 500 horses with the Forepaugh-Sells circus.

REV. RAY PALMER PREACHES NIGHTLY.

Rev. Ray Palmer, D. D., the evangelist, preached to two crowded audiences at the First Baptist church yesterday. The meetings during the past week have been very successful, the attendance and interest both increasing. Dr. Palmer will preach each evening this week on live topics. He is convincing and forceful speaker. Last evening he spoke on "The Inspiration and Power of the Bible." Dr. Palmer will preach tonight on "The Morning Star."

KISSING BUG, AFFECTIONATE INSECT, HAS RETURNED AND IS BUSY AGAIN

OAKLAND PHYSICIANS SAY THAT THE KISSING BUG IS HERE AGAIN. PATIENTS ARE BEING
TREATED FOR THE BITE OF A PECULIAR INSECT. SOME SAY IT'S THE KISSING BUG.
ABOVE IS THE CARTOONIST'S IDEA OF THE MATTER.

Osculatory Artist, Back at Work, Is Exceedingly Loving and Has Oakland Girls on the Run.

Physicians and surgeons are begin-
ning to sit up and take notice concern-
ing many cases under their care since
the recent publication in these col-
umns to the effect that the so-called
kissing bug has reappeared in this
vicinity.
Some years ago the insect attracted
the attention of the medical men
across the bay, and for a time San
Rafael also was overrun with an in-
sect which stung numerous people
about the lips and face. It was finally
decided that the kissing bug was
at work there and no sooner had
those concerned determined to make
a thorough investigation of the kiss-
ers than they had osculated and skip-
ped.

BACK AGAIN.

But there is much evidence that
they are back with us again. Dr. O.
D. Hamlin stated today that but a
short time ago he had been called to
attend to insect bites on patients
which caused some gassing as to the
kind of bug that had done the work,
and he states that, so far as he can

determine, it may have been the kiss-
ing bug which was given a name by
entomologists a yard long, but which
name was destroyed among other
things in the recent fire across the
bay.
"The bites," said Dr. Hamlin, "were
rather peculiar. There was a little red
mark in the center and they did not
readily respond to treatment. The
bites may have been made by kissing
bugs and again they may have been
made by other insects. But they were
peculiar to say the least."
Dr. H. Koford has also had his at-
tention called to cases which seem to
have been victims of the kissing bug.

UNCERTAIN.

"I am now treating," he said, "a
child about two and one-half years of
age for a disease of the lips which may
have been caused by such an insect.
The child's name is Samuel Chirella.
At first I was of the opinion that it
was suffering with noma, a disease of
the face which sometimes results seri-
ously. The pathology of the case is
obscure and treatment is unsatisfac-

tory. That is it does not submit read-
ily to treatment. Generally such
wounds heal by process of resolution.
"It is probable that an insect caused
the trouble and the kissing bug may
be the guilty party."

BUG AN ARTIST.

The old San Francisco Kissing bug
was an artist in its particular line of
business. They rarely missed the lips
and many cases were treated at public
hospitals and in private. A well-
known federal officer had one of the
insects in his possession which had
kissed him and he proudly told his
friends of the attack made upon him
by the bug.

The kisser was kept in a fruit jar.
It had long hind legs and a face
something similar to a grasshopper
only not so large. In the jaws was a
hidden sting which has caused
blushes and screams from many maid-
ens, matrons and social people of the
sterner sex who have been obliged to
forgo parties and dinners because of
a swollen condition of the face brought
about by the kisser.

MILLIONAIRES ARE AT WAR

Morgan and Harriman Battling
for Control of Big Rail-
road System.

CHICAGO, Aug. 27.—A special to
the Tribune from New York says:
A financial battle, with \$25,000,000
in cash and the control of the Chi-
cago, Milwaukee and St. Paul Railway
system, is on between J. Pierpont Mor-
gan and E. H. Harriman.
In the battle are involved twice as
many millions of dollars and three
times as many thousands of miles of
railroads as were represented in the
famous fight for possession of the
Chicago, Burlington and Quincy,
which resulted in the memorable
Northern Pacific corner, when the
price of that stock was rushed up to
\$1000 a share and a panic in Wall
street followed.

The opposing forces consist of J. P.
Morgan, James J. Hill, and their
friends, foreign capitalists, on one
side, and E. H. Harriman, practical
owner of the Union-Southern Pacific
roads, with Sir William Van Horne,
Sir Thomas Shaughnessy, as control-
lers of the vast Canadian Pacific sys-
tem, with their friends, on the other.
Remaining neutral for the time be-
ing, but inclined to throw their weight
to Harriman, are James H. Smith and
William Rockefeller as principal
stockholders in the St. Paul.

On the outcome of the war depends
whether the St. Paul road is to be ex-
tended to the coast, for which purpose
a \$25,000,000 new stock issue was
voted, in a northerly direction, and so
seriously injure the traffic of the Great
Northern and Northern Pacific sys-
tems, or southerly to impair the fu-
ture profits of the Union and Southern
Pacific.

Early this morning there was a mys-
terious buying of Pacific Coast Line
stock. Before Harriman or Hill could
discover who were the purchasers the
Canadian Pacific had obtained a suf-
ficient interest in the road to wield
the balance of power.
Then the Canadians made overtures
to Hill for joint control of all ad-
vantage the line offered in connection
with the trade of the coast. Hill indi-

cantly repulsed them, and made his
memorable threat to build into the
Canadian Pacific's territory. The lat-
ter turned to Harriman, but Harriman
was not impressed with the value of
any alliance with the Canadians. So
the latter fell back on the St. Paul
interests, with which they made an
alliance.

Scarcely had that been accomplished
before Harriman's eyes had been
opened. Immediately he started to
repair his error by the purchase of St.
Paul stock and soon had acquired a
sufficient interest in that road to be
able to make a demonstration against
the Smith-Rockefeller interests. That
it is believed, inclined the latter to
look more favorably on his fight for
the Pacific trade. Upon the control
of the remainder of the floating stock
of the St. Paul depends to which side
they will throw their weight ulti-
mately.

TO REPRESENT CALIFORNIA

Delegation of Forty Will Attend
National Irrigation Congress
at Boise City.

SACRAMENTO, Aug. 27.—Califor-
nia will be represented in the National
Irrigation Congress, which meets at
Boise, Idaho, September 3, by a dele-
gation numbering probably forty peo-
ple, and including a number whose
names have long been associated with
State progress.

Among those who will attend are
Colonel John P. Irish of San Francisco,
Arthur R. Briggs of the State Board of
Trade, Mrs. W. S. Green of Colusa,
Charles Donohue and wife of Wilkes,
W. R. Radcliff of Watsonville, John
Fairweather and wife of Redley.

A large party will go from Winters,
including F. H. Owens and wife, Wil-
liam Brink and wife, Henry Brink
and wife, Dr. F. W. Anderson, J. Rum-
melsburg and C. M. Chapman.

THE WOODLAND DELEGATION.

Thomas Vaughn, chairman of the
Board of Supervisors of Yolo county,
and a number of others will go from
Woodland, but the full list is not yet
announced. Among Woodland people
who have been named as delegates are
N. A. Hawkins, Joseph Craig, W. W.
Percival, C. Q. Nelson and L. D. Stev-
ens.

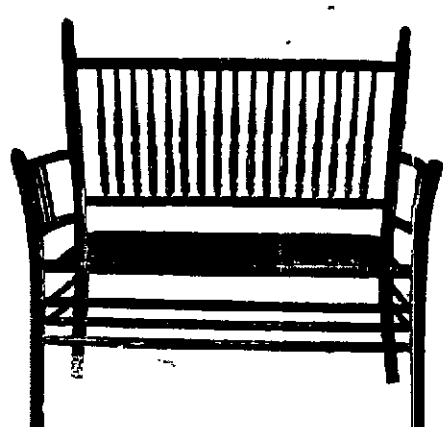

GOVERNMENT EXPERTS.

Professor S. Fortier of the University
of California will attend, and will be
accompanied by Mrs. Fortier, who is
also a delegate. W. B. Clapp, engineer
of the United States geological survey,
has been appointed a delegate by Gov-
ernor Pardee, and will attend. It is
expected that D. C. Henny, who suc-
ceeds J. B. Lippincott as supervising
engineer of the reclamation service in
this State, will accompany the Cali-
fornia delegation from Sacramento.

PLACER COUNTY MEN.

William Tudbury of Loomis and W.
G. Hemphill of Lincoln will attend the
Congress and there may be two or
three other delegates from Placer
county. Robert Hector of Nevada,
William Nichols of Dutch Flat and W.

SAN FRANCISCANS WHO WILL GO.

H. D. Loveland of San Francisco,
who is a member of the executive
committee of the congress, has writ-
ten the Sacramento Valley Develop-
ment Association that he will attend.
Charles de St. Maurice, county sur-
veyor of Colusa county, will probably
attend. Miguel Estudillo and John P.
Irish Jr. will represent the Water and
Forest Association of California.

THE SACRAMENTO CONTINGENT.

Among prominent citizens of the
Sacramento valley who have expressed
an interest in the congress and who
may attend are Judge John F. Ellison
of Red Bluff, C. F. Foster of Corning,
A. D. Cutts of Marysville, Sterling D.
Dobbing of Vacaville, Dr. H. E. Wright
of Sacramento, P. D. Bane, president
of the Orland Water-Users' Associa-
tion, and D. W. Carmichael of Sacra-
mento.

GOVERNOR PARDEE INTERESTED.

Governor Pardee is president of the
National Irrigation Congress, but it is
not known that he will attend.
It is not yet decided who will at-
tend from Orland, but the interest of
that community in national irrigation
will probably be expressed by sending
at least three or four delegates to the
congress. It is also expected that the
Tehama county irrigation committee,
of which Judge Ellison is chairman,
will send at least three or four dele-
gates.

OTHER DELEGATES.

F. C. Finckle of Los Angeles, Frank
H. Gould of San Francisco, S. W. Ter-
guson of San Francisco and Rufus
P. Jennings of San Francisco are
among the delegates named by the
Governor, and it is presumed they will
go.

DEVELOPMENT ASSOCIATION PEOPLE.

President Marshall Diggs of the Sacra-
mento Valley Development Associa-
tion will probably attend, but this is

not certain as yet. Senator Diggs has
just returned from a vacation in the
mountains and has not fully decided
to go. Secretary W. A. Beard of the
association will attend the congress.
